Re: grant to the Moat Creek Managing Agency

Dear Ms. Hirst,

I'm writing in support of the proposed grant to the Moat Creek Managing. This small grant would provide operating and maintenance funds to help the nonprofit manage the Moat Creek and Ross Creek beach access sites and trails.

These trails and access points are of great benefit to our citizens and MCMA has been doing a great job of developing and keeping these facilities available for our community and for the many visitors to our coastline.

Thank you to the Coastal Conservancy for recognizing the importance of local groups like this in maintaining public recreation areas, and giving them the financial resources to continue this work.

Sincerely,

A handwritten signature in cursive script that reads "Leslie Dahlhoff". The signature is written in dark ink and is positioned below the "Sincerely," text.

Re: grant to the Moat Creek Managing Agency

Dear Ms. Hirst,

We write for the Coastwalk Board in support of the proposed grant to the Moat Creek Managing Agency. The grant would provide operating and maintenance funds to help the nonprofit manage the Moat Creek and Ross Creek beach access sites and trails. Keeping these kinds of access points open and in good condition is vital to keeping access to the coast, and in this case, access to the Coastal Trail.

These trails and access points are of great benefit to our citizens and MCMA has been doing a great job of developing and keeping these facilities available for our community and for the many visitors to our coastline.

Thank you to the Coastal Conservancy for recognizing the importance of local groups like this in maintaining public recreation areas, and giving them the financial resources to continue this work.

Sincerely,
Fran Gibson
Fran Gibson, President
Coastwalk
